Pray and Meditate for World Peace

Experiencing in the Teaching of ALWY – is the first Step – the first of two Levels to “Awaken the Light Within You”.

Have you ever longed to reach an inner state of Inner Calmness and Peace?

Have you ever wondered – how you can escape from the Emotional Agitation or Turmoil within you or around you?

Do you wish to release the procession of constant Negative Thoughts or Repetitive Thoughts Patterns – going around your head like a Broken Record?

Do these Negative Thoughts and Emotions – tend to turn you against yourself or turned you against the people around you?

Have you felt it would be too challenging or too expensive – to tackle these situations that disturb your Equanimity?

The Practice of ALWY – allows all people to send Loving Energy to every person and every being. This Powerful Energy radiates out into the world – and when one Sends Light, Hope and Divine Strength to others – They are entitled to receive back some of the qualities you are projecting to others.

Practitioners Learn to use simple practices on Kindness or Compassion, on Ahimsa, Love, Metta, Du’aa and much more.

This intercultural teachings increase ones understanding of a simple process that will help you to rapidly reach and Internal State of Peace, Contentment and Happiness.

When practitioners practice regularly – their faces will lighten up and they will be filled with Divine Light... their Heart Energy and their ability to Love themselves as well as others – will increase.

It is through understanding the Practice of these Simple Teachings and the Practice of this Meditation – that Practitioners become filled with Light and Internal Peace and Stillness.
